Description

H2M is an event agency registered in the register of travel agencies. We offer seminars and Incentive travel for business, from 10 to 500 people, in France and abroad.

H2M was founded in May 2018, in Aveyron, a department in the south-west of France, not far from Toulouse. I am looking for many contacts to constitute a broad offer to any type of clientele.

The concept of H2M is to work on the needs of the customer, according to his expectations and his budget.

In parallel, group trips are offered in France and abroad as well.
